

All VHF onboard should conform to the regulation before first survey after **01/01/2024**.

To ensure GMDSS communication capability and the availability of appropriate GMDSS radiocommunication equipment, and without prejudice to the arrangements contained in appendix 18 of the RR, VHF radiocommunication equipment should be updated so that following the first radio survey after 1 January 2024, at the earliest, it meets the arrangements which will be in force by then.

**NVR-3000 VHF RADIO<2 WINGS>**

**IMO's** new regulations on VHF DSC
